

Communicator – Feb 15 Issue

Membership Committee

Do your new members know about NYSW? Our history? Our purpose? What your local chapter is all about? A new powerpoint presentation, (link – new member orientation) is available that presents the transition from BPW, the programs that we offer and the organizational structure and benefits and concludes with the ABC's of NYSW (the full name of all those acronyms we constantly use ☺) and more benefits and contact information. Before the ABC's, there are a few slides available to highlight programs, events and officers of your local chapter (insert additional slides as needed!) Need help editing and inserting new slides? Please contact me and I'll be happy to help. Or contact Robin Bridson (I haven't asked if she'd help, but she taught me all I know and I'm sure she'd be willing to help you!) This is a must see for all new members. You might want to use it at a region meeting or a special meeting for new member orientation. A few of the slides have additional notes (on the notes pages) for information on the NYSW programs.

With thanks – for all you do – here is our list of membership tips:

- #1 Thank and recognize renewing members
- #2 Help and support members and women in the area
- #3 Mentor women - of all ages
- #4 Create a welcoming environment at meetings
- #5 Hold a member forum
- #6 Remind members to renew their membership
- #7 Educate new members about the NYSW mission, programs, benefits and your Local Chapter
- #8 Your idea here - - - please send your membership idea to Dana oar Neale
